

THE VIEILLE MONTAGNE ZINC MINING COMPANY OF BELGIUM

International Conference, Mine Trips and Gala on the weekend of Saturday 6th August and Sunday 7th August

**A celebration of the 120th Anniversary
of the arrival of the Vieille Montagne Company
in Nenthead, Cumbria**

The Vieille Montagne brought the outside world to this distant part of Cumbria, turning it into a focus of international attention. The company brought huge financial investment, revolutionary technology and a foreign workforce, mainly Belgians, Germans and Italians, from places that locals had only seen in a school atlas.

Go to the 'Vieille Montagne History (GB)' website for details of **events** and how to **book** your **place** at the **conference** and on the **trips**.
