CUMBERLAND ENCLOSURE AWARDS

A provisional index to enclosure awards, agreements, and papers at the Record Office, The Castle, Carlisle, (Tel:24248) including both official and privately deposited records.

Explanation:

The awards, etc. are indexed by Civil Parishes (P) and Districts (M.B., etc.) as shown on the Ordnance Survey's index map revised to 1/11/1949 (available at the Record Office). Cross-indexing is provided in the list from ancient Ecclesiastical Parishes (E.P.) and from other Civil Parishes where more than one is affected. A separate index is provided on the next page to township, manor, and award names not occurring alphabetically in the main list.

Acreages are given exactly where known, but in some cases have had to be taken from the preamble to the act concerned.

Awards with references beginning QRE/1 are scaled copies enrolled or deposited with the Clerk of the Peace, except where the number is asterisked (e.g. QRE/1/148*) in which case the document is a certified or other copy. SPC/ references are to Parish Council records; PR/ documents are among ecclesiastical parish records; D/ references are to privately deposited papers. In the latter case it may be necessary to obtain the prior permission of the owner for inspection.

The exact date of all awards is given where known. In the case of an agreement for which no award is available the year of the agreement is given in the "Award Date" column (e.g. [P.A.1794]). The column "Act/P.A." indicates whether the award is by Act or Private Agreement, and the number following this is a reference to a supplement providing further information about the Acts and Agreements and their locations, the number size and scale of plans, and the commissioners and surveyors. This supplement is available on request.

The final columns provide information about the location of related material, including commissioners' papers, and about tithes commuted by the award. A 'T' in the last column indicates that some or all of the tithes of the ecclesiastical parish were commuted (but in some cases these are only tithes likely to arise from newly enclosed lands).

INDEX TO TOWNSHIP & AWARD NAMES
