Actual residences 1604? - Nbr – Netherbrough Obr – Overbrough BrS – Brough Sowerby
 Br - Brough

Minimum likely resident count includes houses and inhabited premises (**5** - count) = **71**, - incomplete survey - only of improvements, money disputes & changes. Unchanged tenements followed in a rentals list also of 1604. Farms at Hazel Bank and Blackmoorgate, and queried sub-tenancies should be added to the households. The total Survey estimate is then c.75. (+?)

Additions from the rentals list follows -

	& Michaell Wastell		In Survey under Strice-gill.

The above suggests a likely 17 more households. Dowgill may have been the three separate farms known today, and Rampson and Light trees were both large accommodating farms. The addition is **75+17 = 92.** (+?)

Places	Names	Customary rents	Notes
Boronhouse	Michaell Ewbanke	13/9d V -	(Rpt.) – Landowner
	Robert Jackson	10/5½d +	Tenant – Borren Ho.
Uppmanhowe	Uxor Jacobi dawson & Thomas dawson	- 19/- V -	Survey listed
	Richard Ewbanke	12/2½d -	Survey listed
	Richard Johnson	17/10d +	Sub tenants one or
	Edward Johnson	16/5d +	several households?
	Henry Johnson	17/10d +	
	William Johnson	16/5d +	
	Uxor leonardi Waistell	- 27/9d -	Survey – Robt Wastell.
Gilbanke	Jeffraye Shawe	16/2d +	
	Henry Williamson	8/1d +	

Boronhouse has been added to the Survey list, but the rental indicates a sub tenant and likely householder. The Johnson's at Uppmanhowe may indicate one or four households so that the total from the above might be four or seven extra households making a final estimate of –

92 + (4 or 7) = c. 96 – 99 households.
